2009

V-TAC was founded with the vision of providing energy-efficient LED lighting solutions worldwide

2011

Began our EU expansion by opening the first V-TAC warehouse and office in Sofia, Bulgaria

2012

Manufacturing joint venture with MEKA Lighting

2013

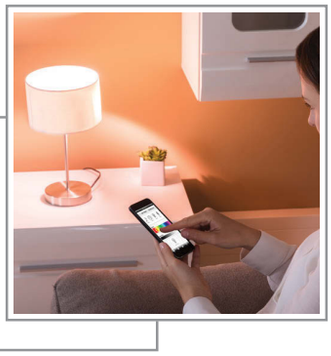
Started building our distribution network in the UK from our office in Southall, London.

2015

Launched our in-house product testing lab in Sofia, Bulgaria.

2016

Achieved $100M Annual Turnover- Manufacturing Joint Venture with DASHER Lighting for decorative lighting



2017

In-brand Partnership with Samsung and launched the V-TAC PRO Series

2018

- Partnership with Tuya and launched new Smart Series
- Unveiled the new V-TAC Showroom in Slough, UK
- Launched new product groups

2019

Opened new 2500 square meter showroom in Bulgaria.

2020

- New website launch
- Opened new showroom in Ireland.

Since 2018, we at V-TAC have been successfully developing and launching the esteemed PRO Series – a product of our partnership with Samsung, a global pioneer in the LED industry. Boasting of LEDs provided by Samsung and a five-year warranty, this great feat resulted in the continuous growth of the PRO series catalogue to meet and exceed our customers' requirements and expectations throughout the years.

V-TAC®
INNOVATIVE LED LIGHTING

SAMSUNG LED
Illuminated

Driven by our mission to continuously improve quality of life through lighting, we have further improved our products and launched the Evolution Series in 2019. The range included V-TAC's bestselling lamps and luminaries, upgraded with a staggering 160 lumen-per- watt rating, offering efficient options even for intensive lighting requirements.

evolution

Following are the new series that we plan to develop more in the coming year.

V-TAC SMART HOME

Wi-Fi supported home solutions to convert any device into a smart device, and ultimately convert any home into a smart home. Have systematic, unified control on all your smart devices through the official V-TAC app, Amazon Alexa and Google Home.

V-TAC SMART LIGHT

Wi-Fi-supported home lighting system simultaneously controlled through the V-TAC app; works with Amazon Alexa & Google Home.

Download Our Retail Catalogue:
https://bit.ly/2ZHEGaX

DIGITAL

Long-lasting, fast-charging data cables for everyday use. Includes a wide range of cable finishes and connectors for different usage types.

ELECTRICAL

Insect Killer, Robot Vacuum Cleaner & Convection Heaters, Sockets — all designed to bring convenience and safety to modern electrical needs.

AUDIO

New series of wireless speakers devices with various modes & wireless controls for a dynamic sound experience & maximum portability.

In 2020, we finished the upgrade and expansion of our Warehouse in Bulgaria with the Warehouse Management System (WMS) which allowed us to accommodate more stock, thereby enabling us to maintain fulfillment of orders despite logistic challenges due to Brexit and the global pandemic. Along with this development, both the PRO Series & Evolution Series have been growing and will continue to improve in the years ahead to offer the best lighting solutions in residential, commercial, and industrial projects.

LED FLOODLIGHTS

V-TAC's LED Floodlights are manufactured with industry-leading components to deliver exceptional performance, making them the perfect choice for efficient outdoor lighting. Each unit is designed and made of die-cast Aluminium for extreme durability. With the IP65 rating, all the floodlights in this series are also water and dust proof.

This extensive range of floodlights is ready to impress in terms of efficiency brought on by the Samsung LEDs. The PIR series comes with an auto-cutoff function(Manual Override)

Key Features

- 10w to 1000w
- IP65 rating — high-quality components to ensure waterproof/airtight performance
- Modern and strong Die-cast Aluminium body with a minimalistic design, for high-end support and design
- Product category includes high lumen, slimline, PIR series, rechargeable, work floodlight, and sports floodlights
- Select units include a 1-meter wire for convenience and easy installation

Application

Recommended for any outdoor lighting application in residential, commercial, and industrial areas

LED CANOPY LIGHTING

120 lm/W

Brighter & energy-efficient
50% better than normal LED

A specialized addition to V-TAC's current roster of innovative LED lighting solutions, the LED canopy light with Samsung LEDs is precisely designed for petrol stations. It has a slim design that is suitable for surface-mounted installation. This canopy is Aluminium-made, having a tough exterior made to withstand extreme temperature or UV conditions.

- Primarily designed for gas stations
- Suitable for surface mounted installation
- Super slim design and nice looking, easier to install
- Instant start, no noise, no flickering.
- Heat and Shock Resistant.
- Reduce maintenance costs up to 90%, almost free of maintenance.
- Suit for both indoor and outdoor use.

SAMSUNG LED

Illuminated

LED PANELS

The PRO Series LED panels range are all made with top-quality PMMA diffusers which provides a uniformly distributed light and prevents the panels from turning yellow.

It proves its durability with exteriors composed of an innovative combination of Aluminium+PMMA+PP, and its energy-saving upgrade through the improved driver box and Samsung LEDs. Both frameless and big panels are inclusive of a quick connector for easy installation.

Key Features

- Inclusive of a quick connector
- Flicker-free; stable drivers eliminate flashes
- Better light quality: less false colour plots
- 80% lower power consumption than conventional downlights
- Standard dimensions for big panels available
- Choose from square and round frameless mini panels

Application

Widely used in offices, schools, hospitals, and commercial establishments

LED LINEAR LIGHTS

V-TAC LED Linear Lights are an energy-efficient, low-maintenance alternative to traditional linear fluorescent in industrial, commercial, and light assembly applications. It is the optimal solution for conventional lighting systems and excellent for new installations due to its low installation cost.

Key Features

- Saves 80% energy
- No Ultraviolet or Infrared Rays
- Flexible, Compact & Adjustable design
- No Lead or Mercury content hence environment friendly
- Provides Uniform Radiance & Enhances appeal of any environment
- Continuous row modular system

Application

Ideal for lighting applications in residential, commercial, and hospitality locations.

V-TAC®
INNOVATIVE LED LIGHTING

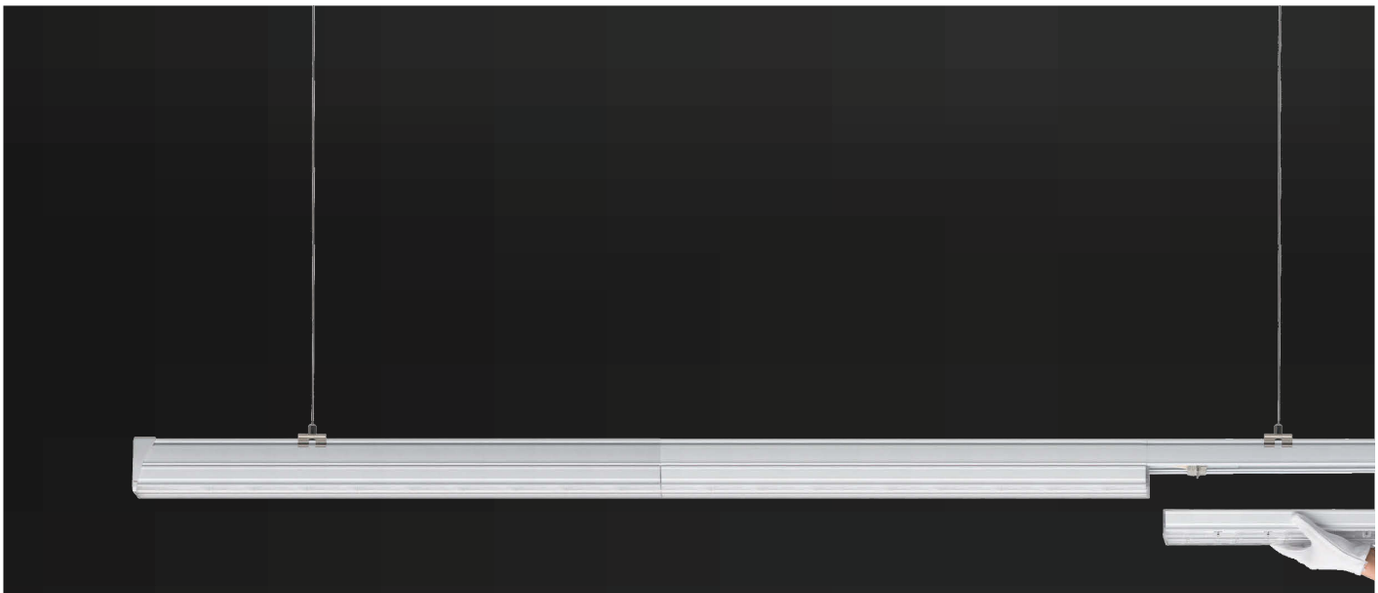
PRO SERIES



LED LINEAR TRUNKING LIGHT

LED Linear Trunking System is energy-efficient, low maintenance, and is a better alternative to traditional linear fluorescent in industrial, commercial, and light assembly applications. It is the optimal solution for conventional lighting systems and also excellent for new installations due to its low installation cost – everything in one box and installation is tool-less. It saves both time and costs when installing lighting systems.

Key Features

- Cost-effective light-line solution for industrial, commercial, and other applications
- Good quality of light with high lumen output to meet different requirements
- Easy to install, reducing time,labor, packaging waste, and complexity
- Flexible solution

Application

This led linear trunking light is a state-of-art general lighting solution for warehouses, workshops, supermarkets, malls or brand shops, exhibition halls, art galleries...etc.

*Suitable for use up to 10–12 hours daily, constant use of the product will void the warranty.

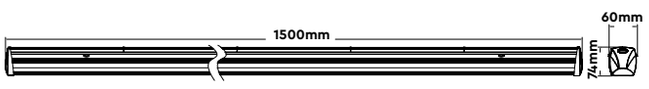
INNOVATIVE LED LIGHTING

LED LINEAR TRUNKING LIGHT | Master Trunking

V-TAC's new Linear Trunking Light is a set of highly efficient, continuous linear light fixtures with a staggering 160 lm/w rating & a plug-and-play system. It provides an efficient, linkable modular system which means that each unit can be easily connected to the Linear Master Trunking through L, T, and X node connectors. 90°, 120°, and double asymmetric lenses are available for maximum adaptability in any space. Perfect suspended lighting for supermarkets, warehouses, service centers, and gymnasiums. No warm-up time, instant start-up. The sustained color temperature throughout long periods of usage.



5 YEAR WARRANTY

LED TRACKLIGHTS

Color has a massive influence on purchasing decisions and setting the mood in any room. Our innovative LED track lights are the premier choice for retail lighting with Samsung's state-of-the-art COB technology.

The >90 CRI rating of these track lights provides vivid colors, highly enhancing any product's appeal to consumers. Single and 4-linear track lights are included in this new generation of track lights from V-TAC.

Key Features

- Saves 80% energy
- No Ultraviolet or Infrared Rays
- Totally flexible, Compact & Adjustable design
- No Lead or Mercury content hence environment friendly
- Provides Uniform Radiance & Enhances appeal of any environment.
- Enhances measurable levels of performance as compared to older versions of high wattage halogen & HID light sources in retail & Commercial Lighting applications.

Application

Ideal for lighting applications in residential, commercial, and hospitality locations.

INNOVATIVE LED LIGHTING

MAGNETIC
TRACK LIGHTS

LED MAGNETIC TRACKLIGHTS

Magnetic light is a kind of track light that is designed by using magnets' fast adsorption characteristic. It consists of two parts: track magnet and light. The track has four ways: surface mounted, recessed, borderless embedded installation, suspension. The light has anti-glare line light, anti-glare high power light, soft light lamp, suspension light, and decorative lamp. The light can be used alone or assembled at will. Lighting effect can achieve point, line, the surface combination can meet the needs of various lighting effects. Its convenient installation, fashionable style, and can greatly enhance the decorative effect, in line with the modern architectural design concept, is a fashionable, high-end LED lights leading the trend in the future, is the ideal choice of office, exhibition hall, exclusive stores, hotels, villas, and clubs.

Illuminated

LED DOME & DOWN LIGHTS

V-TAC's LED Bulkhead range is inclusive of IP65-rated 2D bulkheads made of state-of-the-art polycarbonate resins for a premium water and dustproof surface-mounted luminaire.
Each model has powerful combinations of two useful features: the emergency battery backup and the microwave sensor with 120'D detection angle. Together with the new elegant designs, this luminaire's highlight is its competitive outdoor effectiveness in efficiency and security.

Key Features

- Built-in power eliminates the need for an external power supply
- IP65 and strong PC covers for durability
- 3-hour Emergency Operation Time
- Microwave sensors: up to 10m detection
- upto 30,000hr lifespan
- Fully compatible with daylight sensors
- Equipped with a green LED charging indicator

Application

Suitable for open areas constantly exposed to dust and moisture like parking lots, corridors, airports, and malls.

LED EMERGENCY LIGHTS

V-TAC new range of LED emergency lights comes at an age of increased awareness and standards for safety compliance in different infrastructures. Now equipped with highly efficient LEDs provided by Samsung, these emergency lights include clear-cut exit signs, and are powered by high performance batteries, to provide a longer lifespan, lower maintenance, with increased working time when activated. V-TAC's emergency lights are a smart choice for effective emergency lighting to meet fire & safety assessments in residential and commercial buildings, offices, hotels, hospitals, and schools

Key Features

• Thermoplastic PC built
• High quality Ni-Cd batteries made for longevity & low maintenance reliable emergency backup of 3 hours
• Rectangular type plastic with different signs for various locations
• Single or double face configuration
• Wall, side, or ceiling mounted
• LED indicator light and push button test switch LEDs mounted on print circuit board
• 12–24-hour recharge after more than 3-hour discharge
• Efficient thermal management technology
• Corrosion-free mounting clamps
• Maintained operation mode

Application

Offices, hospitals, corporate buildings, schools, and commercial establishments

LED SPOTLIGHTS

Our new range of LED spotlights with Samsung LEDss is your leading choice for efficient directional lighting solutions. This new range is perfectly compatible with existing GU10 holders. They deliver the same warm light as halogen spots while exhibiting the energy-saving benefits that LEDs provide. Ideal for retail and residential lighting.

Key Features

- Classic halogen-like design with up to 80% power savings
- Compatibility ensured: available in all existing spotlight holders
- Optional beam angles: ranging from 10°, 38° and 110°
- Set the right tone: dimmable options available

Application

Ideal for lighting applications in residential, commercial, and hospitality locations.

LED BULBS

Find the right bulb in V-TAC's newly improved range of LED bulbs. Our recent in-branding program enabled us to equip all LED PRO Series lamp range with LEDs provided by Samsung.

From aesthetically-pleasing filament bulbs to our extensive options of 360° omnidirectional thermoplastic bulbs in all sizes, watts, and lumens, we have a complete range of options to replace 60W to 150W traditional lamps and achieve energy-saving lighting in your home, office, or business.

Key Features

• Includes Amber & Clear Filament Bulbs, High Lumen Bulbs, Thermoplastic Bulbs, Reflector Bulbs, PAR Bulbs, Big Bulbs, and B22s.
• Lightweight yet durable body: made of Aluminium + ASA plastic
• Designed with optimal thermal management
• 80% lower power consumption
• Dimmable options available
• 30,000-hour lifespan: remarkable performance than conventional and other LED lamps

Application

General lighting in residential, commercial, and industrial areas

SAMSUNG LED Illuminated

V-TAC® INNOVATIVE LED LIGHTING

LED BULBS

LED PAR Bulb

Provide precisely control LED beams of light to any space with V-TAC's improved range of LED PAR bulbs with 40° beam angle. With a significantly longer lifespan and up to 80% lower energy-consumption, our LED PAR series is your cost-efficient replacement for Halogen PAR lamps. Our PAR series offers advanced thermal management features and uses LEDs provided by Samsung.

LED BULBS

The definition of sustainability: sharing the incandescent bulb's design and built for maximum efficiency, V-TAC's extensive range of LED thermoplastic bulb series are your ideal choice for any kind of lighting requirement.

Key Features

- Lasts 20 times longer than Standard Bulbs
- Broad Range of holders
- Uses 80% less energy than Standard Bulbs
- Excellent Heat Radiation Efficiency
- Customized exterior for stronger body
- High Power LED Chips
- Non – Flickering
- Dimmable & Non Dimmable options

Application

Perfect choice for Hotels, Bars, Commercial & Residential Lighting and Exhibition Stands.

INNOVATIVE LED LIGHTING

LED BULBS High CRI Bulbs

Our highest CRI rating yet – V-TAC's new generation of CRI>95 spotlights & bulbs is a must in commercial lighting. A CRI of 85 to 90 percent is considered good at color rendering, while a CRI of 90 percent or above is considered excellent. A CRI index of 90 or above should be used to achieve accurate color discrimination.

A red apple appears red because it reflects red wavelengths, but absorbs others. But not all white light sources have the same amount of red wavelength light. As a result, under different light sources, a red apple can reflect different amounts of red light, changing its appearance.

- Outstandingly engineered to show only the truest of colors
- Emphasize vivid colors to increase the appeal of any product to its consumers and contribute to purchasing decisions
- Recommended for restaurants, apparel shops, supermarkets, and other retail areas

LED BULBS

LED Thermoplastic Bulbs

Our extensive range of classic, thermoplastic GLS bulbs are efficient replacements for traditional incandescent light fittings in both indoor and outdoor locations.

- Includes standard base variations (E27 and B22)
- Varying watts and sizes (A60, A65, and A80) available
- Available in blister packs and 3/6pc multipacks

LED SPOTLIGHTS

Introducing a sustainable and energy-efficient replacement for power-consuming 35W and 50W Halogen Spotlights. An extensive range of LED Spotlights (1.2W-8W).

Key Features

- Uses 80% less energy than Standard Bulbs
- Excellent Heat Radiation Efficiency
- Customized exterior for a durable body
- Choice of beam angle from 38° to 300°
- Premium Quality Power Driver

Application

Perfect choice for Hotels, Bars, Commercial & Residential Lighting and Exhibition Stands

LED SOLAR LIGHTS

Transform the exteriors of a Building or a Garden into a Beautiful piece of Architecture. Simultaneously help navigate obstacles at night, prevent accidents and provide security.

Key Feature

- Perfect replacement for traditional fittings as they are more flexible & efficient
- Work perfectly in extreme temperatures from -20° to +45° without any adverse effects
- Specifically designed for Outdoor use
- IP65 Protection Rating to ensure safety
- Low Maintenance
- Outstanding Colour options and settings

Application

Used for gardens, outdoor residential areas, walkways & passages, driveways, fountains, lawns, entrance, patio or terrace and similar environments

LED FLOODLIGHTS

V-TAC's LED floodlights are ideal for lighting driveways, gardens, and buildings. These energy-efficient lights emit bright, vibrant light and make an eco-friendly alternative for traditional halogen floodlights and metal halide fixtures.

Key Features

- Available from 10w up to 100w
- Premium quality aluminum alloy body
- Fascia glass sealed with silicone rubber ensuring superior waterproof /airtight performance
- High power LED chip
- Built-in constant current driver
- Built-in power supply, no external ballast required

Application

Widely used for lighting driveways, gardens & buildings, commercial bill boards & hoardings, sports grounds & parking lots

LED BIG PANELS

Experience consistent illumination and zero hot or cold spots, introducing slim and sleek LED Panel Lighting from V-TAC.

Key Features

- Ultra Slim Design
- Contemporary & Elegant Design
- Higher Light Transmission Rate
- Exterior shell, cannot be easily damaged
- No infrared, does not attract flies
- Easy to install
- No Lead or mercury content hence environment friendly
- Dimmable options available in selected models

Application

Offices, conference room, hospitals, hotels, shopping malls, showroom, kitchen and domestic lighting etc.

Witness the *True to Life* Colors

A CRI score of 95 is considered very high, and indicates that a light source will make objects appear very similar to how they would look under natural lighting conditions.

Without a high CRI light source, objects can appear faded, dull or inaccurate.

LED TUBES

V-TAC's LED Tube Series fits perfectly into existing linear fixtures, providing better light quality and energy efficiency compared to linear fluorescent systems.

Key Features

- Cost effective, safe retrofit for T8 Tubes
- Perfectly matches with the traditional daylight tube fixture
- Easy Installation
- No Lead or mercury content hence environment friendly
- No Ultraviolet or Infrared rays
- Long lifespan, low maintenance and energy saving
- Available in 60 cm, 120 cm, 150 cm & 180 cm

Application

Widely used for domestic and commercial lighting, offices, supermarkets, shops, hotels & similar environment.

LED BATTEN FITTINGS

Introducing our complete Essentials range of IP65-rated waterproof tubes. Built with a durable, air-tight body allowing it to resist jets of water and dust — an essential feature for outdoor lighting.

Key Features

- Easy to install
- IP65, free from water and dirt
- Direct wiring easily accessible when necessary
- Perfect replacement for the whole set of T8 fluorescent lighting fixture
- Save up to 80% in electricity consumption compared to fluorescent lighting fixture

Application

Widely used for Domestic and Commercial Lighting, Offices, Supermarkets, Shops, Hotels & similar environment.

LED HIGHBAY LIGHTS

V-TAC's new UFO and Linear Highbay are designed for widespread illumination, efficiency, and resistance to harsh conditions.The UFO Highbay are supported by Meanwell drivers to boost their performance, are IP65rated and have a sturdy body to ensure endurance, and have two options of beam angle to choose from, for even light distribution.

Key Features

- Powerful LED light source with a unique design
- Aluminium diffuser with multiple beam angle's to choose from 90°/ 120°
- Shatterproof perspex lens
- High thermal conductivity, low luminous decay, pure colors & no heavy shade
- The unique design of the radiator fuses with the lamp box perfectly hence diffuses the heat conduction efficiently reduces the temperature of the inside lamp

Application

Perfect fit for industrial usage, warehouse & super markets, workshops, factories, warehouses, highway, toll stations, gas stations, malls, exhibition halls, stadiums & other vast areas.

LED STRIP LIGHTS

Add an extensive array of lights and colors to any setting or interior, rejuvenate and transform the ambience of any environment at the flick of a switch with V-TAC's LED Strip Light Series. Easy installation with minimal space requirement makes this the right choice for Restaurants, Auditoriums, Meeting Rooms etc.

Key Features

- Flexible & easy installation
- Exceptionally low power consumption
- Multiple visual effects in unending colours and shades

Application

Perfect choice for Hotels, Bars, Commercial & Residential Lighting and Exhibition Stands.

LED STRIP LIGHT set is a complete kit where we provide you with 5 meters of LED STRIP LIGHT, along with the POWER SUPPLY and REMOTE CONTROL, to make it a
complete kit. Available and made in different colour options as
per requirement.

- LED Strip
- Remote control (included)
- Driver (included)
- Packing: Blister Pack, 5 meters roll

LED TRACK LIGHTS

V-TAC's extensive range of modern LED track lights are the perfect ecological alternative to old, inefficient Halogen lights. Delivering high performance, excellent durability, and remarkable light output to serve the general Commercial and Retail market.

Key Features

- Saves 80% energy
- No Ultraviolet or Infrared Rays
- Totally flexible, compact & adjustable design
- No Lead or mercury content hence environment-friendly
- Provides uniform radiance & enhances the appeal of a retail environment
- Enhances measurable levels of performance as compared to older versions of high wattage Halogen

Application

Perfect choice for exhibition stands, hotels, bars, commercial & residential lighting.

LED DOWNLIGHTS

Swap outdated CFL Lights with high-quality LED Down Lights for long-lasting and energy-efficient lighting. Choose from a wide range of 3w to 40w variations.

Key Features

- Innumerable styles & elegant appearance
- Non – Flickering
- Premium quality power driver with lowest power factor saver & high RA
- Easy Installation
- Varied finishes with strong die cast aluminium body
- Low maintenance

Application

Residences, showrooms, hotels & boutiques etc.

LED FLOOR & TABLE LAMPS

Most cozy & favorite corners always deserve comfortable lighting conditions. To cater to this need, we bring you an exclusive range of LED table lamps. Elegantly designed with a touch of class, these lamps deliver sufficient and smooth lighting, with unique and suitable functions for both task and ambient lighting.

Key Features

- energy-efficient lighting
- Easily adjustable for your convenience
- Multiple functions like dimming, color-changing, and more
- With USB charging functionality
- Sleek and modern design

Application

Table lamps can be used in any space, though they are most often found in bedrooms, living rooms at home next to sofas, chairs or beds. Also a good accessory to be a part of the office decor.

EMERGENCY LIGHTS

V-TAC features a line of premium quality LED emergency lights for clear and bright emergency illumination. Inclusive of evident exit signs, these signs are powered by high performance batteries, rendering a longer lifespan and lower maintenance. V-TAC's emergency lights and signs are a practical and valuable asset to many applications inclusive of o ces, hotels, hospitals and residential areas.

Key Features

- Thermoplastic PC housing, Rectangular type plastic with different signs
- Single or double face configuration
- Universal (wall, side or ceiling) mounting
- Low energy consumption only 2.0 watts at 120V
- LED indicator light and push button test switch
- LEDs mounted on print circuit board
- 24 hours recharge after more than 3 Hours discharge
- Efficient thermal management technology
- Corrosion free mounting clamps
- High performance Ni-Cd batteries made for Longevity & low maintenance
- Reliable Emergency backup of 3 hours

MOTION SENSORS

Many areas like lobbies, parking garages, staircases remain unused for long hours but do need lighting to be lit automatically in case of movement. A motion sensor is a device, which detects movements, and in some cases light conditions and then transmits a signal for illumination.

Key Feature

- Power saving
- Available for indoor and outdoor purposes
- Compatible with most of our models
- Proven quality from reliable suppliers
- Wide range of models to choose from

Application

- Outdoor Areas like parking garages, gardens compounds and yards
- Indoor areas like walkways, lobbies and staircases.

Day Light Sensor – 1-10V

VT-8059 **SKU: 1369**

Sensor Type:	Day Light
Colour:	White
Detection Range:	360°
Voltage:	DC:1-10V
Body Type:	PC
IP Rating:	IP20
Box Qty:	100 Pcs

Daylight Sensor supplies a simple and effective solution for daylight harvesting. Connecting to 1-10V Power source and using with LED dimmable driver.
The illumination level of lamps will get darker when ambient light gets brighter.
When daylight is insufficient, the lamp will be in 100% Illumination level, and turns to 1% Level when daylight is sufficient, then gradually bac

OUTDOOR LIGHTS & FITTINGS

Transform the exteriors of a Building or a Garden into a Beautiful piece of Architecture. Simultaneously help navigate obstacles at night, prevent accidents and provide security.

Key Feature

- Perfect replacement for traditional fittings as they are more flexible & efficient
- Work perfectly in extreme temperatures from -20° to +45° without any adverse effects
- Specifically designed for Outdoor use
- IP65 Protection Rating to ensure safety
- Low Maintenance
- Outstanding Colour options and settings

Application

Used for gardens, outdoor residential areas, walkways & passages, driveways, fountains, lawns, entrance, patio or terrace and similar environments

LED DISPLAY SCREEN

VTAC LED's Display screen series perfectly designed for the best video output and display of images and information. O ering Display color of 281 trillions(synchronized). The perfect product for advertising and marketing.

Key Feature

- Powerful LED display screen available in Indoor and Outdoor series
- Displays digital content such as Video, Images & Information
- Good Brand Value addition for Advertising
- Easy Installation

Application

Suitable for Outdoor and Indoor Advertising, Hotel conference room, Restaurants, Showrooms, Casinos, Government facilities, Theaters, Retail outlets, Tra c control room, Security monitoring room, Stage background, HD cinema, Shopping malls, Railway stations, Airports.

SMART CAMERAS

V-TAC introduces its all-new extensive range of smart cameras – fully compatible with any smart device (mobile phones, tablets, or PCs) through Wi-Fi integration. These cameras o er detection alerts via email — all available in standard UK & EU plugs for compatibility.

Key Features

- Standard wireless frequencies for Wi-Fi transmission
- High definition, high resolution videos at standard frames per second
- Supports iOS & Android devices
- Real-time alerts sent straight to your mobile for motion detected
- Night Vision
- Two-Way Audio
- Video storage: Micro SD storage or cloud transmission

Application

Designed to add an extra layer of security in houses, condominiums, restaurants, retail shops, office space

CABLE TIE

Keep installations clean with V-TAC cable ties. It is made of nylon and Stainless Steel. Cable ties feature high tensile strength and are an essential item for any toolbox.

Key Features

- High quality
- Suitable for a multitude of uses
- Easy to thread

Application

The nylon cable ties are widely used in electricals & electronics industry including electronic factories, computers, TV sets, and other internal connections, lighting, motors, and electronic toys.
