# WELCOME • ÜDVÖZÖLJÜK • WILLKOMMEN

## DEAR PARTNER,

We are pleased that you hold the 2020-21 Rabalux catalogue in hand, in which a new design has been implemented to give you as much information as possible on our assortment.

Our goal is to provide a solution for individual needs, so besides following the trends of lighting technology, we also paid attention to make our customer's everyday life comfortable by expanding our portfolio.

Thanks to our product development engineers, this year's catalogue has been supplemented by a number of self-designed lamps, labeled "designed by Rabalux".

Serving the market demand, more LED products, as well as new smart lamps have been launched this year. These lamps, in addition to their convenient and simple use, can light up our every day life.

Of course, we have not forgotten about the lovers of clean modern, exciting industrial, romantic vintage and eternal classic style, who can choose from not only our new lamps, but our entire portfolio.

We hope you will find the perfect lamp in our range which counts more than 2000 lighting products to illuminate your home!

## KEDVES PARTNERÜNK!

Örömkre szolgál, hogy a kezében tartja a Rabalux 2020-21. évi katalógusát, melynek kialakítása során törekedtünk arra, hogy minél több információt tudjunk átadni szortimentünkről.

Célunk, hogy minden egyedi igényre megoldást tudjunk nyújtani, ezért a világítástechnikai trendek követése mellett a mindennapi élet kényelmessé tételére is figyelmet fordítottunk portfólióink bővítése során.

Idei katalógusunk tervezőmérnökeinknek köszönhetően számos saját tervezésű lámpával bővült, melyeket „designed by Rabalux” jelzéssel láttunk el.

Továbbá még több LED termékkel és okoslámpával tarkítottuk kínálatunkat, amelyek kényelmes és egyszerű használatuk mellett hangulatunkat is feldobhatják a mindennapok során.

Természetesen nem feledkeztünk meg a letisztult modern, az izgalmas ipusztériális, a romantikus vintage és az örök klasszikus stílus kedvelőiről sem, akik kedvükre válogathatnak nemcsak új lámpáink közül, hanem egész portfóliónkból.

Reméljük megtalálja az Ön számára tökéletes lámpát több, mint 2000 termékünk között, amellyel beragyoghatjuk otthonát!

### EN: IP RATING

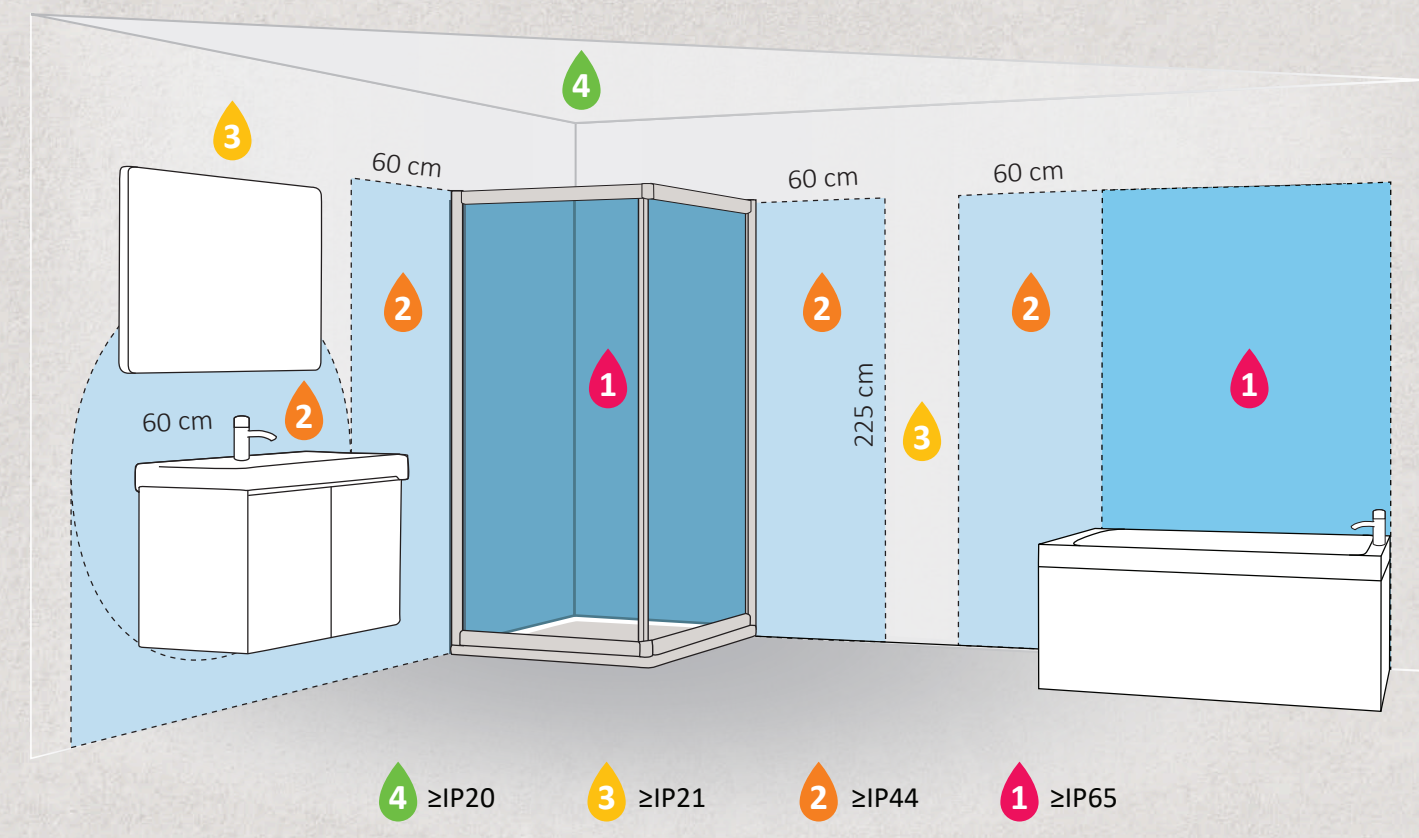

The **IP protection** ensures the operational safety of luminaires. The IP Code (or Ingress Protection Rating) classifies the degrees of protection provided against the ingress of solid objects, dust and water in lamps. The standard aim is to provide users more detailed information than terms such as waterproof. In our catalogue the IP code of each product is indicated. The illustration below shows the recommended IP protection for each zone of wet areas.

### HU: IP VÉDELEM

Az **IP védelem** biztosítja a lámpatestek üzembiztonságát. Az IP kód (avagy Ingress Protection) meghatározza a lámpa védelem szintjét idegen testek, por, illetve víz behatolása ellen. Katalógusunkban minden termék IP kódja feltüntetésre került. A lenti ábra a vizes helységek egyes zónában ajánlott IP védelem szintjét szemlélteti.

### DE: IP-SCHUTZ

Der **IP-Schutz** gewährleistet die Betriebssicherheit der Leuchten. Der IP-Code (oder Ingress Protection) bestimmt die Schutzstufe der Lampe gegen das Eindringen von Fremdkörpern, Staub oder Wasser. In unserem Katalog ist der IP-Code jedes Produkts angegeben. Die folgende Abbildung zeigt den empfohlenen IP-Schutz für jede Zone von Feuchtgebieten.
