Expanding our horizons

6

Main Product Groups

Having developed over 2500 SKUs in lighting over the years, V-TAC is increasing its brand value by adding new related categories on its existing distribution channels by establishing 5 new main product groups under the same brand, now with an impressive and continuously growing 3500 SKU product catalogue.

LED Lighting

The new Smart Lighting group includes WiFi-supported home lighting system simultaneously controlled through the VTAC app that also works with Amazon Alexa & Google Home.

The Decorative Lighting group hails from our extensive catalogue of designer pendants with and without LED, chandeliers, and decorative lighting for modern interiors.

V-TAC Accessories has our recently launched range of powerbanks, cables, and wireless chargers compatible with all smart devices.

Extensive variety of electrical accessories to power your devices with Italian & European socket and adapters made from high-quality, modern components from V-TAC.

V-TAC Audio is our brand-new series of wireless audio devices with various designs and applications for a dynamic sound experience.

These new product groups aim to meet the demand on premium-quality equipment which further improve humanity's connectedness in the modern age and bring all-around comfort and convenience to each user in all aspects of life.

A CRI score of 95 is considered very high, and indicates that a light source will make objects appear very similar to how they would look under natural lighting conditions.

Without a high CRI light source, objects can appear faded, dull or inaccurate.
